

## WHAT IS Bak?

- Bak is a method of electronic identification to connect with Basque Administrations.
- It consists of:
  - A [reference number](#) that matches the user's National ID/Foreign National ID number and password.
  - A [non-qualified certificate](#) issued in a centralised repository for signature actions.
  - Moreover, it may be complemented by other biometric authentication factors, such as fingerprints and/or photographs.
- When the Bak holder uses this method for identification with an Izenpe electronic service, if authentication is correct, it provides the body responsible for the service with the result.
- The signatory of this application declares that he/she has read and agrees to the Terms and Conditions for Use of this identification method, published on [www.izenpe.eus](http://www.izenpe.eus).
